

Department  
for Education

Find out how to  
access the Monitor your school  
attendance tool.

## **Monitor your school attendance data with DfE - it's free to do and does not add to workloads**

If you are sharing your daily attendance data with the Department, you can get access to the free Monitor Your School Attendance tool

### **The tool can help you:**

- identify pupils needing support
- save time building attendance reports
- get trend insights for different pupil cohorts
- compare your school's attendance within your local authority

### **How to access the service for the first time**

1. Log in to DfE Sign-in
2. Request access to 'VYED – school attendance data'
3. Your approver should give you access within 5 days
4. Log in to View Your Education Data (VYED) and select Monitor your school attendance

### **View local authority, regional and national pupil attendance**

Search GOV.UK for 'pupil attendance in schools' for public data.
