

Professional Development, fully funded

With the *National College of Education* and *ASCL*.

The National College of Education is excited to announce a unique opportunity for Senior Leaders in schools.

In collaboration with leading union ASCL, the NCE is bringing a fully funded programme to Senior Leaders. By providing leading-edge professional learning, this programme will enable those working in education to engage with the latest leadership and management tools whilst gaining expert insight from ASCL. You will learn how to navigate the ever-changing complex landscape you work in and address the impending R&R leadership crisis we are facing.

The support you will receive is unrivalled, with many of our tutors highly experienced former school leaders, whose single goal is to see you achieve.

Joining the NCE means becoming a part of our learning community, a lifelong membership that will expand your network and create meaningful bonds with others in similar roles.

Since 2017, we have welcomed over 3,000 learners to our programmes from schools across the UK, creating one of the biggest movements in school leadership history.

Be part of the solution – join us!
